Immunization Requirements

After acceptance, you must upload documents to provide clinical clearance, as your records will be submitted for review by a Medical Review Officer of CastleBranch, an outside vendor system of medical document management.

CastleBranch is a required purchase **upon acceptance**, and will track documents, background clearance, and drug screen. The Blue Card and physical exam is only required once you are accepted into the program. More information will be provided. The cost is approximately \$100 and will require you to upload and manage your immunizations, proof of licensure, CPR certification, and proof of Texas Board of Nursing background clearance.

The student is responsible for keeping all records current during each level, prior to the beginning of each semester and current through the end of each semester. Failure to do so may be cause for dismissal. Once you have been accepted into the program, you will be given instructions with a code for our program on how to set up your CastleBranch account and drug screen.

Please note: Drug screen results showing a dilute negative will not be valid and another drug screen will be required, and an additional payment of \$27.00 will be due to CastleBranch until clear. We do not recommend over hydrating on the day of test.
